I had a call from [REDACTED] advising us that he is going on leave until Monday, 11 July. He wanted to bring two (2) items to your

STATINTL

attention;

1. [REDACTED] raised with him the matter of nominations for the Senior Officer Schools and how the requirement for nominations in August interferes with the normal DDP manning pattern. John said that normally, DDP personnel assignments and rotations are planned in October. John understood the reason for early nominations stemmed from the schools' requirement of from 10 months to a year approved student roster, but would like this reiterated for Gerry's benefit.

2. Gerry questioned whether DDP rotations to OTR could not be handled in the present DDP framework (i. e., during October) rather than during the spring?
